About 1882 Lighting

The Company

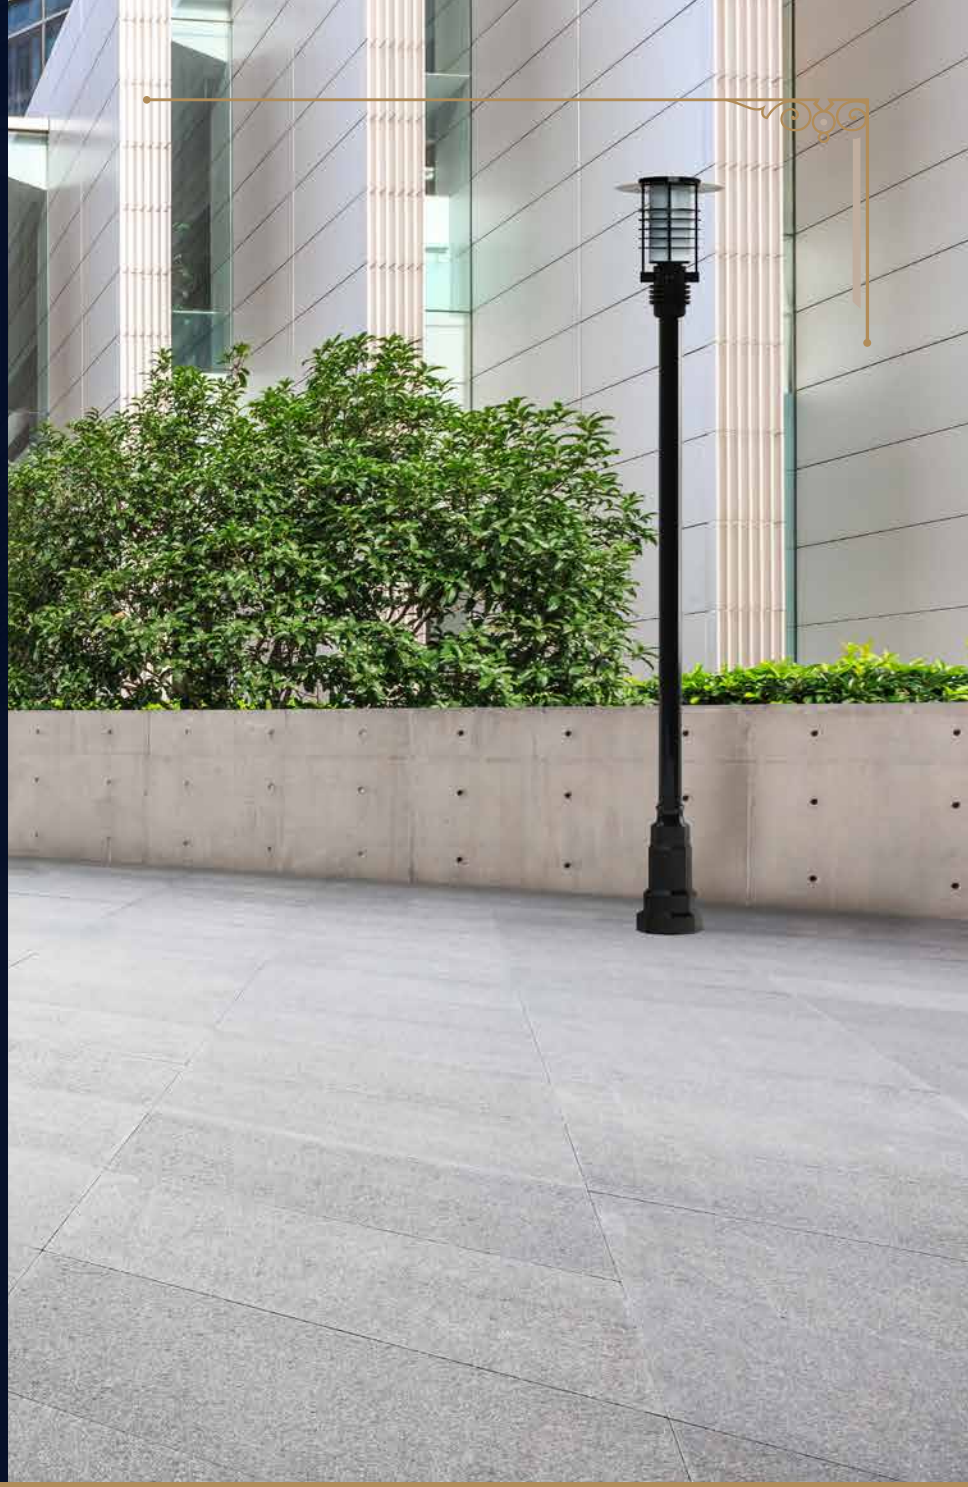
1882 LIGHTING
A QSSI Company

About 1882 Lighting

Backed by Over 140 Years of Experience

1882 Lighting, a QSSI Company, specializes in custom fabrication, machining, and finishing for many industries; lighting, electronics, medical, and electronic surveillance. The expertise used to make and finish a wide variety of precision parts also produces specification-grade lighting fixtures, poles, and site accessories.

1882 Lighting offers many standard and custom-designed products. Its creation allows 1882 and its sales teams to specify lighting products to multiple markets, including: municipalities, utilities, developers, and commercial construction. The product is made in the USA in multiple factory locations to serve customers across the US and Canada.



Core Products

Authentic Vintage Designs

1882 Lighting offers many traditional and vintage product designs dating back to the 1920's, '30s, and '40s. Combined with our modern and contemporary luminaires, 1882 Lighting offers one of the largest selections of outdoor lighting available from one manufacturer.

Our authentic vintage designs include; post tops, pendants, wall mounts, bollards, banner arms, shepherd's crooks, pole mounts, poles, accessories, etc.

Custom Modification Work

Premium Customization

1882 Lighting is a premium manufacturer for custom and modification work. We have experienced manufacturing engineers on staff who will work with you to complete your custom project.

We strive to provide a quality lighting solution for your project with premium manufacturing and unsurpassed customer service.

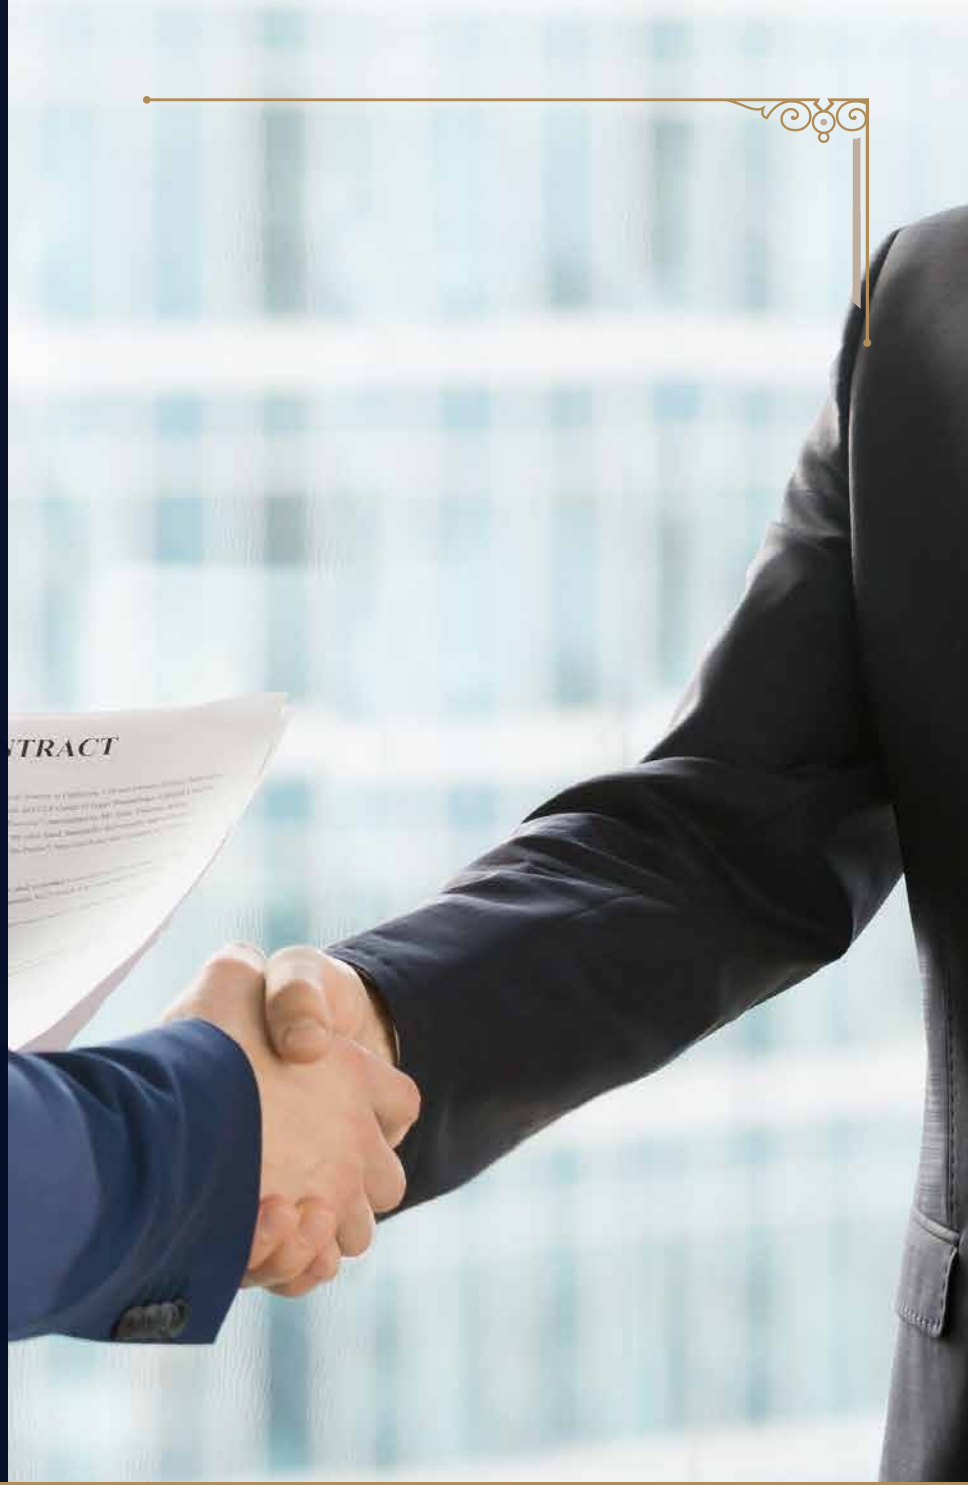
A Strong Partner

Proven Stability & Tenure

In an environment of rapid product innovation, industry consolidation, and company closures, it is important to partner with forward-looking, sustainable companies like 1882 Lighting. 1882 Lighting is a QSSI company, with tenure and proven stability that sets us apart from other suppliers.

We have our own tooling for our existing product line. In addition, we own our U.L. and CSA certifications and all products comply with these strict standards.

We offer warranty-worthy products with proper thermal management, balanced LED boards to match power supplies, environmentally sealed optics with tested performance, and full safety compliance and testing.



A True Manufacturer

From Raw Materials to Finished Goods

1882 is a true USA manufacturer backed by over 140 years of experience in electrical and lighting products. Our lighting products are manufactured from top-quality raw materials to finished goods, which allows us to control the product specifications and quality we provide, a product with years of trouble-free service.

We manufacture all of our own LED luminaires, arrays, and optics. Standard fixtures can be customized to meet customer project requirements. Our skilled production personnel assemble all LED fixtures to the exact configuration required.

Our vertically integrated manufacturing includes: engineering, mechanical and optical design, automated die casting, automated sanding and polishing, stamping and fabrication, powder coating and pretreatment, assembly, SMT LED, thermal and photometric testing.

Stability

Built for the 'Long Haul'

We are committed to being here for the "long haul," providing current and future value to our customers by managing and investing in our manufacturing capabilities and human resources for long-term success.

In addition to controlling the manufacturing of our products, our U.S. facilities provide customers with:

- **Full assembly and fixture customization**
- **A large level of inventory in all locations**
- **Quick Ship available for select products**

American Made

USA Assembly

1882 Lighting Products are made and assembled in America. They are welded, assembled by hand, and built to last. We only manufature using top-quality materials to provide years of trouble-free service.

Buy American Act

All of our products meet the Buy American Act (BAA) Compliancy requirements as listed in United States Code (USC) Title 41.
