1882 LIGHTING

VALUE PROPOSITION

what you need.

Backed by over 140 years of experience, 1882 Lighting, a QSSI Company, specializes in custom fabrication, machining, and finishing for many industries; lighting, electronics, medical, and electronic surveillance. The expertise used to make and finish a wide variety of precision parts also produces specification-grade lighting fixtures, poles, and site accessories.

1882 Lighting offers many traditional and vintage product designs dating back to the 1920's, '30s, and '40s. Combined with our modern and contemporary luminaires, we offer one of the largest selections of outdoor lighting available from one manufacturer. This allows1882 Lighting and its sales teams to specify lighting products to multiple markets, including: municipalities, utilities, developers, and commercial construction.

1882 LIGHTING

VALUE PROPOSITION

when you need it.

1882 is a true USA manufacturer with over 140 years of experience in electrical and lighting products. Our lighting products are manufactured from top-quality raw materials to finished goods, which allows us to control the product specifications and quality we provide, a product with years of trouble-free service.

In addition to controlling the manufacturing of our products, our U.S. facilities provide customers with fast shipping. We offer lightning-fast lead times for our custom-built fixtures, cutting the industry average lead time of 14+ weeks in almost half. With large material inventory levels in locations strategically placed across the U.S., we are able to offer Quick Shipping on all our C&I products.

without compromise.

1882 Lighting is a QSSI company with tenure and proven stability that sets us apart from other suppliers. We are committed to being here for the "long haul," providing current and future value to our customers. We offer premium manufacturing of custom and modification work. Our experienced manufacturing engineers will work with you to complete your custom project.

We also offer warranty-worthy products with proper thermal management, balanced LED boards to match power supplies, environmentally sealed optics with tested performance, and full safety compliance and testing.

We can fulfill your lighting order for any size project and deliver to any location you need. Expand your market share with quick lead times, no inventory expenses or carrying costs with our Value Proposition.
